ABOUT THIS BOOK

In *Global Servant-Leadership: Wisdom, Love and Legitimate Power in the Age of Chaos*, leadership scholars and practitioners from around the globe share their insights on servant-leadership philosophy, representing diverse contexts and cultures, and reflecting a variety of approaches to servant-leadership through cutting-edge research, conceptual models, and practice-oriented case studies. The contributors to this collection address some of the most significant leadership challenges of the twenty-first century to reveal a path toward more healthy and sustainable individuals, families, organizations, and nations. *Global Servant-Leadership* challenges not only the rigidly held assumptions of traditional, hierarchical leadership approaches, but provides an antidote to the cynicism so often present within workplaces, political struggles, and individual and family crises of contemporary polarized nation states.
